

Passive and Active Measurement Conference - PAM 2018

26.-27.03.2018 - Berlin

Dinner and Spree River Cruise

- guided tour through the center of Berlin -
26.03.2018 at 7:00 p.m.
at the landing of "Stern und Kreis"
at Friedrichstrasse/ Reichstagsufer

How to get to the ship

There are many options to get from the conference venue to the landing at Friedrichstrasse:

The fastest option:

Freie Universität U3 → Spichernstr. U9 → Zoologischer Garten S3/ S5/ S7/ S9 → Friedrichstrasse

Take the underground **U3** at "Freie Universität" direction "Nollendorfplatz" until „Spichernstrasse“ (8 stops). Change at "Spichernstrasse" to the **U9** direction "Osloer Strasse" until "Zoologischer Garten" (2nd stop). Follow the icon (white S on green ground) of the suburban train. Leave the underground station by the exit at the rear part of the U9 train, cross the pedestrian area (about 10m) and enter the train station. Go upstairs to the platform of the suburban, take any train (**S3, S5, S7, S75 or S9**) going via Hauptbahnhof (Berlin main station). Leave the train at "Friedrichstrasse" (4th station). Leave the station taking the exit to "Friedrichstrasse". Here you go to the direction of the river Spree. The landing is at the corner of Friedrichstrasse/ Reichstagsufer.

This route is not recommended for people with restricted mobility/ no lift at Spichernstr. on this direction.

A second option:

Freie Universität U3 → Wittenbergplatz U2 → Potsdamer Platz S1/ S2/ S26 → Friedrichstrasse

Take the underground **U3** at "Freie Universität" direction "Nollendorfplatz" until "Wittenbergplatz" (10 stops). Change at "Wittenbergplatz" to the **U2** direction "Pankow" until "Potsdamer Platz" (5th stop). Follow the icon of the suburban train. Leave the underground station at the rear part of the U2 train, cross the pedestrian area and enter the suburban train station "Potsdamer Platz". Go downstairs to the platform of the suburban **S1/ S2/ S26**, going via "Friedrichstrasse". Leave the train at "Friedrichstrasse" (2nd station) and take the exit to "Friedrichstrasse". Here you go to the direction of the river Spree. The landing is at the corner of Friedrichstrasse/ Reichstagsufer. This route is not so convenient during bad weather as the footpath outside at Potsdamer Platz is much longer.
